**Difficulties you have  
experienced during online  
learning**

# Difficulties

## **Be focused.**

Put away toys, gadgets, and other distractions.

## **Agreements**

Sometimes you may believe that your opinion is the right one.

## **Not knowing each other**

During the meetings we have only saw a few people.

## **Language barrier**

As English is not the mother tongue of any of us.

## **IT knowledge**

It was not easy for some of us, as we feel a lack of knowledge on this field.

## **Timetable**

We all have University but also we live in different time zones.

**Good practices developed to overcome those difficulties**

# Good practices

## **Ask questions.**

Use the raise-hand button if you have a question.

## **Distribute work**

Let everyone work when they can and after put it in common.

## **Respect others' ideas.**

Listen to what our classmates have to say

# Extra thought

## DURING MEETINGS

Perhaps they should have made us talk more during the seasons and made us connect our cameras so then everyone would have been more involved since the beginning:  
That may have helped also on feeling more confident with the language.
